

Please do not let LPFM stations have priority over current FM translator service. My radio station K-Love at 99.7 is part of my daily life and provides necessary inspiration. All of my friends listen, so the effect on our local community would be harmful by removing an essential part of our daily life. Losing it would be devastating to all of us. The public interest is served as this station gives a positive message not provided by other radio stations. Very few stations give a positive outlook on life which makes this station very important. Please do not let LPFM take our broadcast station away. Thank you.
